PREMIER VALLEY BANK

FRESNO, CALIFORNIA... June 17, 2010 ... Premier Valley Bank (OTC Bulletin Board PVLV) today announced that its Board of Directors has authorized a one percent (1%) stock dividend to be distributed on July 15, 2010 to shareholders of record as of June 30, 2010. The dividend, which will grant shareholders one additional share of Premier Valley Bank stock for every one hundred shares currently owned, will result in the issuance of approximately 127,000 additional shares and increase the Bank's total number of shares outstanding to approximately 12.8 million.

J. Mike McGowan, President and Chief Executive Officer, stated, "Even though certain national economic indicators have recently shown signs of improvement, we continue to believe that the balance of 2010 will have its challenges for our industry and the local economy. As such, capital preservation and enhancement remains essential to Premier Valley Bank and its long range planning. With all of this in mind, the Board of Directors has again determined that a stock dividend continues to be preferential to a cash dividend. The end result is that the Bank's capital ratios are slightly enhanced while shareholders are rewarded for their continued loyalty."
